“ My love and heartfelt condolences go out to Kathy and the Edwards family. Ronnie and Kathy played a very important part in my life. I met them close to 30 years ago and we've been friends ever since. They let me get married at their house in Oxford, Al. I will never forget all the great times we had hanging out, having dinners with each other and playing games around the dining room table. So many great memories that I will cherish forever. May God bless you and comfort you in the coming days and weeks ahead. Tim and I love y'all very much.

“ It's hard to know where to start. Ronnie was definitely one of a kind. I have missed his spirit from the day he retired. He used to come by my desk threatening me that he was going to retire. I would tell him he couldn't leave me here. Finally, he came by one day and said "well, I hit the button". I knew I would miss him! When he and Kailey would go head-to-head, as they often did, I would step in his cube and tell him to just breathe - he'd get thru this. Sometimes, I would walk by his cube (after he threw his phone into the corner) and sing "just keep swimming, just keep swimming" and he would laugh even tho he was mad. But he would always say - she drives me crazy but I love that little girl. And he did. Nicole and Kailey were so special to him but Kathy was his shining star. I can't imagine the hole in your hearts because all of us have one too. He left his imprint on so many people. You could tell what kind of man he was by the people who came to pay their respects. Please know that you are all so loved and we are still covering you in prayer. I pray that sweet memories will ease your pain. I love your home and thank you for opening it up to all of us. You can certainly see he is still there. Love you guys! - Theresa Owens

“ God Bless you. It just doesn't seem real. Ronnie, always had a Big personality, and made me feel welcome as soon as i arrived. He was such a giving Man. We would listen to, each others stories and jokes, laughing our heads off. Ronnie also possessed an innate intuition. He'd call me up, after I moved on from PAC-3, on days where things weren't right. Always offering words of support or encouragement. This has left a hole in my heart. Mt thoughts and prayers are with you. Love you
