“ I did not have the opportunity to meet Aunt Betty in person; but have spoken with her several times over the phone and what a blessing it was. I can remember listening to sweet stories from Mama (Ruth Robertson Cameron), Grandma (Inez Daniel Robertson), and all my Aunts (Mama's Sisters) & Uncles (Mama's Brothers) they would share. It was through their stories it made me feel close to Aunt Betty. The day I wrote her a very long letter requesting information about our family for the Family Tree I was understanding if she did not respond because I am someone that she never met before and would have to trust what was written was the truth. When I received the letter back with the answers to my Family Tree questions along with photos I was truly appreciative and all I could do is praised God & ask Him to bless her because she has blessed me more than what I was expecting. When I called her to hear her sweet voice and to see how she was doing, you could hear the love for her whole family was so deep especially when she would talk about Mama & Grandma. Once again God has richly blessed me more than I deserved. Aunt Betty will always be forever in my heart & thoughts and one day I will meet her face to face. I love you Aunt Betty.
