“ You were/are a good man
I remember always coming over watching our shows, and you and Dianne so graciously giving up your tv time for us. And if we needed at ride we could airways drive one of the mavericks....or whatever vehicle at the time.
When yall kept the girls you would walk then around the pecan tree picking up pecans with them. And spoiled them on lil Debbie cakes and diet cokes.
You have always been good to me, Amanda, and Bobby, and treated our kids good to.
I enjoyed our last days together. Our ride around cherokee county, you enjoying your frosty and seeing people you hadn't seen in a while. You had the biggest smile
We will miss you, but with our grief God greeted a noble angel home.
I love you uncle Billie

“ *Boy the times we have had over the years. From the rides from basketball practice to teaching me how to drive your big black pickup truck with the straight shift on the stiring wheel. Man that was hard but so much fun. I remember you always carrying that purple and green color bubble gum in your pocket and every time I saw you, you would have it ready for me... to the point my whole basketball team counted on you for that bubble gum. You were there Uncle Billy to and you loved it. I remember the time I dropped my car keys in the school parking lot drain and I called you because I was scared of calling mama and daddy and you came for hours with a fishing pole trying to fish my keys out of that drain. No matter what the problem was if it was to keep me out of trouble you would do anything to keep me out of it if you could. I'm so happy to Spend these last 2 months with you, to laugh to cry to love on you and to just be with you. I will greatly miss you more than you will ever know, you will forever be in my heart. ALWAYS! I love you!!*
