“ We will never forget how you could hold on to one cup of coffee or a slice of toast for hours at a time never quite finishing either. You were a very special "sister" and we will miss you immensely. We still can't quite believe you are gone from our lives. You are forever in our hearts. Love, Rod and Suzie

“ Eugenia shared her Godly wisdom, love and compassion with me and many others. She taught me how to pray for my children and much more. I am so thankful God put her in my life.
