“ James and Sandra are our friends and wonderful neighbors. James and Danny have become really good friends over the last few years. We already miss him pulling up on his side by side, he would come up and they would sit outside under the big oak tree and solve the problems of the world. We will miss him terribly.

“ I worked with James for ten years at Crompton in Leesburg. He was a dear friend and co-worker. Best times with James and Sandra were at my home in Leesburg every year at New Years. Those were the days. God bless him and his family. Bob Mouchet
