“ First of all our most sincere condolences to the entire Wilke family, I know that sorry doesn't say enough but there are no words to say how sorry we truly are for you loss.  
I had the pleasure of meeting and working with Jason while we worked for a company in Fort Payne, we immediately became friends and when I say immediately I mean within minutes of meeting I knew I had a friend and that lasted. I could tell Jason was a good person, I wished I had talked to him more after we both left that company. It's seems that life always got in the way of that. Jason, I wish I would have done 2 things got in touch with you more and I wish I would have given you "That short, sawed off, stumpy little SOB's" email address!! RIP my brother, we'll always have Plasman. 😭

“ Donna,  
*Although I never had a chance to meet you Jason was very lucky to have such a good person by his side. I used to work with Jason and he was always so sweet and polite. I am so sorry for your loss. It saddened me to hear this as Jason was so very young. The Lord must have needed another wonderful angel..... Praying for you and family.*
