“ I worked with Mr. Hooker at Plant McDonough. He was as good a man as you could meet. His walk and personal faith was reflected in his work and his effect on people. I am honored that I had the opportunity to know and work with him.

“ I'm so sorry, Faye and Angie. John and I had so much fun together over the years and he had a real impact on me and what I consider to be a "craftsman". He knew so much stuff. I hadn't seen him for years but he was eager to tell me about his church and all that he did. At so many of the really important times in my life, he was there. I'll never forget it.

“ John touched my life from the first day we met. Every occasion he would buy me an angel, so my angel collection has grown since our friendship began in 2006. He touched so many lives and helped so many people find Jesus. He is definitely an angel.
