“ Aunt Di what can I say there's so much I could tell about you. I remember when I got pregnant with my first born Russell and you came over every evening after you got off work and stayed with me until Rusty got home at 2:30 in the morning. All those great nights we had sitting on the porch talking waiting for my baby to be born I will never forget. I don't know how you did it and then went to work every morning for nearly the whole 9 months I was pregnant. You are one of the hardest working women I know and so is my mama and so was maw maw. I think you and mama got it from maw maw.. I can't thank you enough for what you did for both my kids from the time they we're born for 20 yrs after. Also can't thank you enough for what you did for me. You are the greatest aunt anyone could ever want or need. I'm so glad I got to come stay with you on your last good day. That you new who everyone was and we all told you we loved you and you told us all one by one our name and you loved us. I'm grateful for that time and day and will never forget. Thank you for coming to get me from school and not telling my mama whoo I would have been in so much trouble but you never told. But mama did catch me a few times. Walked in on me dancing with a friend after you checked me out. Those we're good times even though I got into trouble. I dont know what I would have done with out you after being a grownup and having 2 babies you spoiled them rotten. We love you very much and you will always be in our hearts thank you for everything. I love you very much!!
