“ Chereyll, I first met your daddy when both of us were just kids in school and he became a very special person to me. I no longer live in the area so it took a while for me to receive word of his passing. The last time I saw him was shortly after you were born and he was so proud as he told me all about his "baby girl". I can still see the smile he had on his face and remembering him that way brings a smile to my own. My thoughts are with you.
