“ *My brother is a true friend of mine
He is always loyal and true
He always is so kind
No matter what the situation he always comes through*

*My brother is a confidant
I share with him all my wants.
I can tell him anything
He keeps it to himself and never sings.*

*So from me your sister I do say
You are the best in every way.
Thank you, brother, for being you
I appreciate all you do. Growing up we didn't see
How challenging life could be
As brother and sister, we have a bond
And you, my brother, I am more than fond.*

*Life has given us many laughs
Together we have seen giraffes
We shared many smiles
As we have traveled life's miles.*

*We have seen potholes and roadblocks
And faced a few of life's knocks
But I could always count on your support
You always were a positive sort!*

*No matter what life does send
You, my brother, have proven to be a friend.
An encourager and inspiring man
I'm so glad we belong to the same clan*

“ *Our deepest sympathy to our Cahill family. We go back almost 43 years. When I use to sleep over Tommy and I always had friendly fights. He would tell me my hair crunches and I would mess with him about his freckles. He was like the brother I never had. Our families parted ways when we were in our teens but Mary always kept me in the loop via letters and pictures. Rest in peace Tommy until we all meet again and to your wife and immediate family I send love, strength, peace and understanding prayers.*

“ Tommy and i just didn't have enough time. We were together 10 years, married for 5. It really is a wild ride. I was sick a lot and he was always there. Tommy was safety to me and I never questioned his love. We fed each others souls. We fulfilled each other in ways that our past lives was starved in us. I never wanted him for anything but his love. He knew that. We were the true opposites that attracted. We had this short time to experience true love. I believe this kind of love can overcome sadness, regret, loneliness. He loved every family member dont doubt it. He was kind to everyone he met. I never saw him disrespect anyone. Really not ever. I dont know how to sleep because when I woke up at night I would hold his thumb. When he couldn't sleep I rubbed his back. He worked so hard. Too hard. I watch our dogs look for him at 6. I know everyone who loses a spouse has a hundred little stories to tell. All that matters in life is love and how you treat others. I have a lot of love and support. I dont want to go on but I will for Tommy and those who love me.
