“ Back in 1978 when I was at Auburn, I had a car accident. My dad told the story of getting on the road to Auburn at least an hour before Billy found out. He said he and mother were in the car when Billy passed them on the way to Auburn! ha I have thought of this so much lately. I always felt protected by my brother and loved by him. He provided me experiences through the years that I will never forget. He took me to concerts that he attended with friends and even though I didn't quite fit in, it didn't matter. He wanted me to have those experiences that I wouldn't otherwise have had. We talked a lot lately about gardening and he was my adviser. He was a wonderful brother to me and was always willing to mentor me. The loss to this family is great and there will never be another like him! I will continue to send love to him everyday and think of him always!
