“ Charles and Linda my sincere condolences on the passing of your mother. Wilma was fortunate to have Linda as her 24/7 caregiver for the past four years which requires an endless supply of love and patience, dedication and perseverance. I know, because I too, provided 24/7 care for my mother with Alzheimer's Disease for the past four years and it strips nearly everything important from the caregivers life while they dedicate theirs to the ill parent. Wilma was very fortunate to have Linda that was willing and able to provide the necessary care at such a tremendous personal cost of friends, career and home. Linda, your mom knows your dedication and love is what made it possible for her to remain in the comfort of her home. Without you she would have needed to be in a nursing home. Good job, Linda! You provided excellent care for a long time and your mom is now looking down upon you and so proud of all you did for her. Wilma is now back with her husband and other loved ones that passed before her. She is with you every day, it may take time for you to feel it, but with patience and love it will happen.
